Newspaper in Education (NIE) is an international program linking schools, students, and local businesses with classroom newspapers. Newspaper education is used in the classroom to improve reading skills, analytical abilities and understanding of current events. NIE uses newspapers to improve community literacy and to help students meet future challenges.

Each paper is underwritten by the Journal Star and is sold for \$.22 in sets of 5 as a minimum. The Journal Star NIE "Adopt a Classroom" program provides a classroom in our community with daily or weekly newspapers supported by a sponsor. NIE would like to thank our individual sponsors and our business partners.

Yes! I would like to adopt a classroom
